Lemon-Aid New Cars and Trucks 2012 Phil

Edmonston 2011-01-01 Phil Edmonston, Canada's

automotive "Dr. Phil," pulls no punches. He says

there's never been a better time to buy a new car or

truck, thanks to a stronger Canadian dollar and an

auto industry offering reduced prices, more cash

rebates, low financing rates, bargain leases, and free

auto maintenance programs. In this all-new guide he

says: Audis are beautiful to behold but hell to own

(biodegradable transmissions, "rodent snack" wiring,

and mind-boggling depreciation) Many 2011-12

automobiles have "chin-to-chest head restraints,

blinding dash reflections, and dash gauges that can't

be seen in sunlight, not to mention painful wind-tunnel

roar if the rear windows are opened while

underway) Ethanol and hybrid fuel-saving claims have

more in common with Harry Potter than the Society of

Automotive Engineers) GM's 2012 Volt electric car is a

mixture of hype and hypocrisy from the car company

that "killed" its own electric car more than a decade

ago) You can save \$2,000 by cutting freight fees and

"administrative" charges) Diesel annual urea fill-up

scams can cost you \$300, including an \$80 "handling"

charge for \$25 worth of urea) Lemon-Aid's 2011-12
