The Trouble with Henry and Zoe Andy Jones 2016-

07-01 A heart-warming and funny novel about love

and the choices we make. How bad choices can

lead to good things, and how life is never what you

expect it to be. Perfect for fans of One Day and Me

Before You, from the author of The Two of Us.

Henry and Zoe have more in common than they

realise. For a start, they both have pasts they'd

rather leave behind. After jilting his childhood

sweetheart on the eve of their wedding, Henry

makes a break for London. He has no friends, no

job, no home, no plan. Zoe has great friends, two

jobs, a new house, and a big scary plan. After a

traumatic, life-changing event, she plans to leave

London and spend a year travelling. Alone. If Henry

and Zoe had met one year ago, things might have

worked out differently. But that's not the way life

works. They meet seven months after their worlds

have been turned upside down. And four months

before Zoe is due to climb on a plane... What

readers said about Andy Jones's first novel, the

bestselling The Two of Us: 'Frank, funny and

bittersweet, *The Two of Us* is a love story about what happens when a relationship looks all wrong but feels all right. This is a book with its heart firmly in the right place' Louise Candlish 'Touching, funny and real, Andy Jones's novel about what happens after the love story had me laughing one minute and crying the next. I loved it' Jane Costello 'At my age I am still amazed when a writer with the gift of the written word can make me care about a character so much that I can be reduced to tears one minute and laughing the next – but this author manages to do just that' Sun 'Honest, heartfelt and real, Jones has poured heart and soul into his words ... *The Two of Us* is a beautiful read about love, friendship and life!' *The Love of a Good Book* 'A really good read and amazingly impressive from a debut author. Have some tissues ready but also be prepared to hold your breath and laugh your socks off' *Fabulous Book Fiend* 'It is a truly inspirational and emotional read, one which will stay with me for a long time and is definitely one of my top reads of 2015' *Compelling Reads* 'Like *One Day* and *Me Before You*, *The Two of Us* almost reads like a screenplay for a hit film and I would not be surprised if we see this on the big screen in a year or two.' *Hollikins*, *Goodreads* 'You'll have a lump in your throat more than once and you'll shed more than one tear but it

will also make you laugh and will warm your heart. An outstanding debut'Alba in Bookland 'A damn fine book and has already barged its way into my top ten of the year so far and I don't foresee it budging. Well done, Andy Jones' Lisa Talks About... 'A beautifully written story with a lot of emotions and adorable scenes' Sky's Book Corner 'A lovely story, well written and tender, both heart-warming and heart-breaking. I haven't read a book for a long time that made me feel happy and sad by the end' Melanie Trevelyan, Goodreads

The Dance Music Manual Rick Snoman 2012-09-10

Whatever your level of experience, The Dance Music Manual is packed with sound advice, techniques and practical examples to help you achieve professional results. Written by a professional producer and remixer, the book is organised into three accessible sections:

**Technology and theory** If you're relatively new to the technology and theory behind today's dance music, Rick Snoman discusses the basics of MIDI, synthesis and sampling, as well as music theory, effects, compression, microphone techniques and sound design. **Dance genres** This section covers

techniques for producing different musical styles, including Trance, Trip Hop, Rap and House. Snoman takes a close look at the general programming principles behind drum loops, basses and leads for each genre, in addition to the programming and effects used to create the sounds. Mixing and promotion Snoman guides you through the art of mixing, mastering, remixing, pressing and publishing your latest masterpiece. This includes a look at how record companies operate, copyrighting your material, pressing your own records and the costs involved. Finally, guest contributors offer essential advice on DJ'ing and how to create your own website to promote your music. The CD provides demo tracks showing what can be achieved when applying the advice contained in the book, including examples of the quality difference before and after mixing and mastering. The CD also contains free software demos for you to download. For even more advice and resources, check out the book's official website
