

The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou

Thank you unconditionally much for downloading The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou. Most likely you have knowledge that, people have seen numerous times for their favorite books behind this The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou, but stop in the works in harmful downloads.

Rather than enjoying a good PDF considering a cup of coffee in the afternoon, on the other hand they juggled in the same way as some harmful virus inside their computer. The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou is user-friendly in our digital library an online admission to it is set as public hence you can download it instantly. Our digital library saves in compound countries, allowing you to acquire the most less latency period to download any of our books past this one. Merely said, the The Kingdom At End Of Road Crusades Trilogy 3 Jan Guillou is

universally compatible later any devices to read.

The Churches of the Crusader Kingdom of Jerusalem: A Corpus: Volume 2, L-Z (excluding Tyre) Denys Pringle 1993 This is the second of a series of four volumes that are intended to present a complete corpus of all the church buildings, of both the western and the oriental rites, rebuilt or simply in use in the Crusader Kingdom of Jerusalem between the capture of Jerusalem for the First Crusade in 1099 and the loss of Acre in 1291. This volume completes the general topographical coverage begun in volume I, and will be followed by a third volume dealing specifically with the major cities of Jerusalem, Acre and Tyre (which are excluded from the preceding volumes). The project, of which this series represents the final, definitive publication, has been sponsored by the British School of Archaeology in Jerusalem. On completion the corpus will contain a topographical listing of all the 400 or more church buildings of the Kingdom that are attested by documentary or surviving archaeological evidence, and individual descriptions and discussion of them in terms of their identification, building history and architecture. Some of the buildings have been published before, but many others are published here for the

first time.

Crusader Art in the Holy Land, From the Third Crusade to the Fall of Acre Jaroslav Folda 2005-09-05 Examines Crusader Art of the thirteenth century in its historical, social, and religious context.

Crusader Landscapes in the Medieval Levant 2016-08-20 Written to celebrate the prestigious career of Professor Denys Pringle, this collection of articles produced by many of the leading archaeologists and historians in the field of crusades studies offers a compilation of pioneering scholarship on recent studies on the Latin East. The geographical breadth of topics discussed in each chapter reflects both Pringle's international collaborations and research interests, and the wide development of scholarly interest in the subject. With a concentration on the areas corresponding to the crusader states during the twelfth and thirteenth centuries, the articles also offer research into the neighbouring areas of Cyprus, Anatolia, Greece and the West, and the legacy of the crusader period there, with results from recent archaeological fieldwork in the Middle East.

Crusader Castles Hugh Kennedy 1994 A general illustrated account of the history and architecture of Crusader castles.

The History of the Crusades Joseph Fr. Michaud 1853

Zengi and the Muslim Response to the Crusades Taef El-Azhari 2016-03-31 Zengi

gained his legacy as the precursor to Saladin. While Zengi captured Edessa, Saladin would capture Jerusalem, and both leaders fought to establish their own realms. However, Zengi cannot be fully understood without an examination of his other policies and warfare and an appreciation of his Turkmen background, all of which influenced his fight against the Crusades. Zengi and the Muslim Response to the Crusades: The politics of Jihad, provides a full and rich picture of Zengi's career: his personality and motives; his power and ambition; his background and his foundation of a dynasty and its contribution, along with other dynasties, to a wider, deeper Turkification of the Middle East; his tools and methods; his vision, calamities and achievements; and how he was perceived by his contemporaries and modern scholars. Examining primary Muslim and non-Muslim sources, this book's extensive translations of original source material provides new insight into the complexities of Zengi's rule, and the politics of jihad that he led and orchestrated during the Crusades. Providing deeper understanding of Islamic history through a close examination of one of its key figures, this book will be a valuable resource for students and scholars interested in Muslim history and the Crusades in general.

Crusades Benjamin Z. Kedar 2016-08-12 Crusades covers seven hundred years from the First Crusade (1095-1102) to the fall of Malta (1798) and draws together

scholars working on theatres of war, their home fronts and settlements from the Baltic to Africa and from Spain to the Near East and on theology, law, literature, art, numismatics and economic, social, political and military history. Routledge publishes this journal for The Society for the Study of the Crusades and the Latin East. Particular attention is given to the publication of historical sources in all relevant languages - narrative, homiletic and documentary - in trustworthy editions, but studies and interpretative essays are welcomed too. Crusades appears in both print and online editions. Volume 8 begins with Adrian J. Boas and Aren M. Maeir on the Frankish Castle of Blanche Garde and the Medieval and Modern Village of Tell es-Safi in the light of recent discoveries.

A History of the Crusades Kenneth Meyer Setton 1977-09 This work contains information and analysis of the history, politics, economics, and culture of the medieval world. The six volumes stand as a history of the Crusades, spanning five centuries, encompassing Jewish, Muslim, and Christian perspectives.

Enquiring History: The Crusades: Conflict and Controversy, 1095-1291 Jamie Byrom 2013-04-26 Think more deeply and work more independently at A level History through a carefully thought-out enquiry approach from SHP. Enquiring History: It makes you think! The OFSTED report on school history suggests that the current generation of A Level students have been poorly served by exam-

based textbooks which spoon-feed students while failing to enthuse them or develop deeper understandings of studying History The Schools History Project has risen to this challenge with a new series for the next generation. Enquiring History is SHP's fresh approach to Advanced Level History that aims: - To motivate and engage readers - To help readers think and gain independence as learners - To encourage enquiry, and deeper understanding of periods and the people of the past - To engage with current scholarship - To prepare A Level students for university

Key features of each Student book - Clear compelling narrative - books are designed to be read cover to cover - Structured enquiries - that explore the core content and issues of each period - 'Insight' panels between enquiries provide context, overview, and extension - Full colour illustrations throughout

The Crusades: Conflict and controversy 1095-1291 There has never been a more important time to study the Crusades. Religious conflict is a fact of life in the twenty-first century no less than it was in the medieval world. And yet the world of the Crusades is so different from ours that it takes a massive leap of imagination to make sense of these events. This book takes on that challenge: opening a window onto the 12th and 13th century worlds to understand what on earth was going on. It examines the Crusades themselves; the controversies surrounding them; and the past and current re-interpretations of the period. Web-based support includes -

lesson planning tools and guidance for teachers available from the SHP website <http://www.schoolhistoryproject.org.uk/Publishing/BooksSHP/BooksALvIEHS.html> - eBooks for whole class teaching or individual student reading available from eBook retailers

Michaud's History of the Crusades Joseph Fr. Michaud 1852

The Crusades Thomas Asbridge 2012-01-19 'Asbridge can't help but tell a ripping yarn, often breezily dramatic, whipping the narrative along' The Times A superb and definitive one-volume account of the Crusades, the impact of which still resonates to this day. In the eleventh century, a vast Christian army, summoned to holy war by the Pope, rampaged through the Muslim world of the eastern Mediterranean, seizing possession of Jerusalem, a city revered by both faiths. Over the two hundred years that followed this First Crusade, Islam and the West fought for dominion of the Holy Land, clashing in a succession of chillingly brutal wars, both firm in the belief that they were at God's work. The Crusades tells the story of this epic struggle from the perspective of both Christians and Muslims, reconstructing the experiences and attitudes of those on either side of the conflict. Mixing pulsing narrative and piercing insight, it exposes the full horror, passion and barbaric grandeur of the crusading era. 'A dramatic and powerful look at both sides of the story' Sunday Times 'A compelling narrative... A masterful conclusion'

Observer

The Crusades James Harpur 2008-01-15 Presents the history of the Crusades, including the organizational problems, the multiple political alliances, biographies of notable figures on both sides of the conflict, and the reasons for the final defeat of the Europeans.

The Land Beyond the Sea Sharon Kay Penman 2020-03-03 From the critically acclaimed New York Times bestselling author Sharon Kay Penman comes the story of the reign of King Baldwin IV and the Kingdom of Jerusalem's defense against Saladin's famous army. The Kingdom of Jerusalem, also known as Outremer, is the land far beyond the sea. Baptized in blood when the men of the First Crusade captured Jerusalem from the Saracens in the early twelfth century, the kingdom defined an utterly new world, a land of blazing heat and a medley of cultures, a place where enemies were neighbors and neighbors became enemies. At the helm of this growing kingdom sits young Baldwin IV, an intelligent and courageous boy committed to the welfare and protection of his people. But despite Baldwin's dedication to his land, he is afflicted with leprosy at an early age and the threats against his power and his health nearly outweigh the risk of battle. As political deception scours the halls of the royal court, the Muslim army--led by the first sultan of Egypt and Syria, Saladin--is never far from the kingdom's doorstep,

and there are only a handful Baldwin can trust, including the archbishop William of Tyre and Lord Balian d'Ibelin, a charismatic leader who has been one of the few able to maintain the peace. Filled with drama and battle, tragedy and romance, Sharon Kay Penman's latest novel brings a definitive period of history vividly alive with a tale of power and glory that will resonate with readers today.

A History of the Crusades: The Kingdom of Jerusalem and the Frankish East, 1100-1187 Steven Runciman 1965

The Crusades Andrew Jotischky 2015-01-29 In 1095 Pope Urban II launched the First Crusade to recover Jerusalem from the Seljuq Turks. Tens of thousands of people joined his cause, making it the single largest event of the Middle Ages. The conflict would rage for over 200 years, transforming Christian and Islamic relations forever. Andrew Jotischky takes readers through the key events, focussing on the experience of crusading, from both sides. Featuring textboxes with fascinating details on the key sites, figures and battles, this essential primer asks all the crucial questions: What were the motivations of the crusaders? What was it like to be a crusader or to live in a crusading society? And how do these events, nearly a thousand years ago, still shape the politics of today?

A Brief History of the Crusades Geoffrey Hindley 2013-02-07 Why did the medieval Church bless William of Normandy's invasion of Christian England in 1066 and

authorise cultural genocide in Provence? How could a Christian army sack Christian Constantinople in 1204? Why did thousands of ordinary men and women, led by knights and ladies, kings and queens, embark on campaigns of fanatical conquest in the world of Islam? The word 'Crusade' came later, but the concept of a 'war for the faith' is an ancient one. Geoffrey Hindley instructively unravels the story of the Christian military expeditions that have perturbed European history, troubled Christian consciences and embittered Muslim attitudes towards the West. He offers a lively record of the Crusades, from the Middle East to the pagan Baltic, and fascinating portraits of the major personalities, from Godfrey of Bouillon, the first Latin ruler of Jerusalem, to Etienne, the visionary French peasant boy who inspired the tragic Children's Crusade. Addressing questions rarely considered, Hindley sheds new light on pressing issues surrounding religious division and shows how the Crusades have helped to shape the modern world and relations between Christian and Muslim countries to this day.

The Crusader States Malcolm Barber 2012-08-02 "An enriching account of the expansion of the political and cultural frontiers of the Latin West in the central Middle Ages."—History Today

When the armies of the First Crusade wrested Jerusalem from control of the Fatimids of Egypt in 1099, they believed their victory was an evident sign of God's favor. It was, therefore, incumbent upon them to fulfill

what they understood to be God's plan: to re-establish Christian control of Syria and Palestine. This book is devoted to the resulting settlements, the crusader states, that developed around the eastern shores of the Mediterranean and survived until Richard the Lionheart's departure in 1192. Focusing on Jerusalem, Antioch, Tripoli, and Edessa, Malcolm Barber vividly reconstructs the crusaders' arduous process of establishing and protecting their settlements, and the simultaneous struggle of vanquished inhabitants to adapt to life alongside their conquerors. Rich with colorful accounts of major military campaigns, the book goes much deeper, exploring in detail the culture of the crusader states—the complex indigenous inheritance, the architecture, the political, legal, and economic institutions, the ecclesiastical framework through which the crusaders perceived the world, the origins of the Knights Templar and the Hospitallers, and more. With the zest of a scholar pursuing a life-long interest, Barber presents a complete narrative and cultural history of the crusader states while setting a new standard for the term “total history.” A Choice Outstanding Academic Title in the Western Europe Category “Barber is a highly distinguished scholar, whose touch is continually deft, and he navigates the basis of the main narrative histories with care . . . a delight to read.”—Literary Review

The Armenian Kingdom in Cilicia During the Crusades Jacob Ghazarian 2018-10-

24 This unique study bridges the history of the Crusades with the history of Armenian nationalism and Christianity. To the Crusaders, Armenian Christians presented the only reliable allies in Anatolia and Asia Minor, and were pivotal in the founding of the Crusader principalities of Edessa, Antioch, Jerusalem and Tripoli. The Anatolian kingdom of Cilicia was founded by the Roupenian dynasty (mid 10th to late 11th century), and grew under the collective rule of the Hetumian dynasty (late 12th to mid 14th century). After confrontations with Byzantium, the Seljuks and the Mongols, the Second Crusade led to the crowning of the first Cilician king despite opposition from Byzantium. Following the Third Crusade, power shifted in Cilicia to the Lusignans of Cyprus (mid to late 14th century), culminating in the final collapse of the kingdom at the hands of the Egyptian Mamluks.

Satan's Last Crusade: The Total Concept

The Crusader Armies Steve Tibble 2018-08-21 A major new history of the Crusades that illuminates the strength and sophistication of the Western and Muslim armies During the Crusades, the Western and Muslim armies developed various highly sophisticated strategies of both attack and defense, which evolved during the course of the battles. In this ambitious new work, Steve Tibble draws on a wide range of Muslim texts and archaeological evidence as well as more

commonly cited Western sources to analyze the respective armies' strategy, adaptation, evolution, and cultural diversity and show just how sophisticated the Crusader armies were even by today's standards. In the first comprehensive account of the subject in sixty years, Tibble takes a fresh approach to Templars, Hospitallers, and other key Orders and makes the controversial proposition that the Crusades were driven as much by sedentary versus nomadic tribal concerns as by religious conflict. This fluently written, broad-ranging narrative provides a crucial missing piece in the study of the West's attempts to colonize the Middle East during the Middle Ages.

A Short History of the Crusades Jacob Isidor Mombert 1894

The History of the Crusades (Vol.1-3) Joseph François Michaud 2020-04-06 The History of the Crusades in 3 volumes is a historical work by French historian Joseph François Michaud which provides a comprehensive look at the Crusades, including political and military battles in Europe, North Africa, and Asia Minor. The Crusades were a series of religious wars initiated, supported and sometimes directed by the Latin Church in the medieval period, especially the campaigns between 1096 and 1271 in the Eastern Mediterranean aimed at recovering the Holy Land from Islamic rule. Michaud expands the term of Crusades, including in his work the wars against Turks in Europe in 13th, 14th, and 15th century,

concluding with his reflections on the state of Europe, on the various classes of society, during and after the crusades.

Crusaders Dan Jones 2019-09-05 From the bestselling author of The Templars. 'Voyages, battles, sieges and slaughter: Dan Jones's tumultuous and thrilling history of the crusades is one of the best' SUNDAY TIMES. 'A powerful story brilliantly told. Dan Jones writes with pace, wit and insight' HELEN CASTOR. 'A fresh and vibrant account of a conflict that raged across medieval centuries' JONATHAN PHILLIPS. Dan Jones, best-selling chronicler of the Middle Ages, turns his attention to the history of the Crusades – the sequence of religious wars fought between the late eleventh century and late medieval periods, in which armies from European Christian states attempted to wrest the Holy Land from Islamic rule, and which have left an enduring imprint on relations between the Muslim world and the West. From the preaching of the First Crusade by Pope Urban II in 1095 to the loss of the last crusader outpost in the Levant in 1302-03, and from the taking of Jerusalem from the Fatimids in 1099 to the fall of Acre to the Mamluks in 1291, Crusaders tells a tale soaked in Islamic, Christian and Jewish blood, peopled by extraordinary characters, and characterised by both low ambition and high principle. Dan Jones is a master of popular narrative history, with the priceless ability to write page-turning narrative history underpinned by

authoritative scholarship. Never before has the era of the Crusades been depicted in such bright and striking colours, or their story told with such gusto. PRAISE FOR THE TEMPLARS: 'A fresh, muscular and compelling history of the ultimate military-religious crusading order, combining sensible scholarship with narrative swagger' SIMON SEBAG MONTEFIORE. 'Dan Jones has created a gripping page-turner out of the dramatic history of the Templars' PHILIPPA GREGORY. 'The story of the Templars, the ultimate holy warriors, is an extraordinary saga of fanaticism, bravery, treachery and betrayal, and in Dan Jones they have a worthy chronicler. The Templars is a wonderful book!' BERNARD CORNWELL. 'Told with all Jones's usual verve and panache, this is a dramatic and gripping tale of courage and stupidity, faith and betrayal' MAIL ON SUNDAY. 'This is another triumphant tale from a historian who writes as addictively as any page-turning novelist' OBSERVER. 'The Templars is exhilarating, epic, sword-swinging history' TLS. 'Jones carries the Templars through the crusades with clarity and verve. This is unabashed narrative history, fast-paced and full of incident ... Jones tells their story extremely well' SUNDAY TIMES.

Western Warfare In The Age Of The Crusades, 1000-1300 John France 2020-09-17 In 1095 the First Crusade was launched, establishing a great military endeavour which was a central preoccupation of Europeans until the end of the

thirteenth century. In *Western warfare in the age of the Crusades, 1000-1300* John France offers a wide-ranging and challenging survey of war and warfare and its place in the development of European Society, culture and economy in the period of the Crusades. Placing the crusades in a wider context, this book brings together the wealth of recent scholarly research on such issues as knighthood, siege warfare, chivalry and fortifications into an accessible form. *Western warfare in the age of the Crusades, 1000-1300* examines the nature of war in the period 1000-1300 and argues that it was primarily shaped by the people who conducted war - the landowners. John France illuminates the role of property concerns in producing the characteristic instruments of war: the castle and the knight. This authoritative study details the way in which war was fought and the reasons for it as well as reflecting on the society which produced the crusades.

The Routledge Companion to the Crusades Peter Lock 2013-04-15 A compilation of facts, figures, maps, family trees, summaries of the major crusades and their historiography, the *Routledge Companion to the Crusades* spans a broad chronological range from the eleventh to the eighteenth century, and gives a chronological framework and context for modern research on the crusading movement. Not just a history of the Crusades, but an overview of the logistical, economic, social and biographical history, this is a core text for students of history

and religious studies.

The First Crusade Edward Peters 2011-06-03 The First Crusade received its name and shape late. To its contemporaries, the event was a journey and the men who took part in it pilgrims. Only later were those participants dubbed Crusaders—"those signed with the Cross." In fact, many developments with regard to the First Crusade, like the bestowing of the cross and the elaboration of Crusaders' privileges, did not occur until the late twelfth century, almost one hundred years after the event itself. In a greatly expanded second edition, Edward Peters brings together the primary texts that document eleventh-century reform ecclesiology, the appearance of new social groups and their attitudes, the institutional and literary evidence dealing with Holy War and pilgrimage, and, most important, the firsthand experiences by men who participated in the events of 1095-1099. Peters supplements his previous work by including a considerable number of texts not available at the time of the original publication. The new material, which constitutes nearly one-third of the book, consists chiefly of materials from non-Christian sources, especially translations of documents written in Hebrew and Arabic. In addition, Peters has extensively revised and expanded the Introduction to address the most important issues of recent scholarship.

“The” Road to Armageddon

W. B. Bartlett 2007

Downfall of the Crusader Kingdom W B Bartlett 2011-09-30 Downfall of the Crusader Kingdom tells the story of the reason for Richard the Lionheart's infamous Third Crusade, culminating in the disastrous battle of Hattin in 1187. Hattin is one of the few battles in history that can truly be called decisive, and it was a catastrophe for the Crusaders. The leading men of the kingdom of Jerusalem, including the Knights Templar and the Hospitallers, were trapped in arid wasteland, without water and surrounded by hostile forces. The battle ended with thousands of them being taken prisoner. It was the culmination of a series of events that had been progressively leading the kingdom of Jerusalem down the road to oblivion. It was partly the resurgence of the Muslim Middle East and the rise of Saladin that led to the loss of Jerusalem, but there was another equally dangerous element at work – the enemy within. W.B. Bartlett tells the story of naked ambition and intrigue that led to bitter infighting and ultimately the downfall of the Christian crusaders.

Crusades Source Wikipedia 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 180. Settlement and Crusade in the Thirteenth Century Gil Fishhof 2021-07-19

Settlement and Crusade in the Thirteenth Century sheds new light on formerly less explored aspects of the crusading movement and the Latin East during the thirteenth century. In commemoration of the 800th anniversary of the construction of 'Atlit Castle, a significant section of this volume is dedicated to the castle, which was one of the most impressive built in the Latin East. Scholarly debate has centred on the reasons behind the construction of the castle, its role in the defence of the Kingdom of Jerusalem during the thirteenth century, and its significance for the Templar order. The studies in this volume shed new light on diverse aspects of the site, including its cemetery and the surveys conducted there. Further chapters examine Cyprus during the thirteenth century, which under the Lusignan dynasty was an important centre of Latin settlement in the East, and a major trade centre. These chapters present new contributions regarding the complex visual culture which developed on the island, the relation between different social groups, and settlement patterns. Adopting a multidisciplinary approach, this book will be of interest to scholars and students of the medieval period, as well as those

interested in the Crusades, archaeology, material culture, and art history.

A History of the Crusades: Volume 1, The First Crusade and the Foundation of the Kingdom of Jerusalem Steven Runciman 1951 Analyzes the Crusades from European and Arabic viewpoints

The Crusades to the Holy Land: The Essential Reference Guide Alan V. Murray 2015-04-28 Based on the latest scholarship by experts in the field, this work provides an accessible guide to the Crusades fought for the liberation and defense of the Holy Land—one of the most enduring and consequential conflicts of the medieval world. • Presents concise, accessible articles written by more than 40 leading experts in the field that explain key concepts and describe important institutions of the Crusades • Covers all main Crusades as well as the distinct countries and various personalities involved • Includes maps that make clear the course of Crusades and main areas of campaigning in the Eastern Mediterranean region • Documents the Christian principalities established in the course of the Crusades and the Muslim states that opposed them

Palgrave Advances in the Crusades H. Nicholson 2005-03-30 The Crusades were a startling and spectacular phenomenon that exerted a powerful influence on European development over a period of many centuries. Much recent writing has been devoted to explaining how the crusades began and what they achieved. This

volume is intended as an introductory guide and analysis of how different aspects of crusading studies have developed. Rather than giving an account of events, each chapter offers an interpretative and historiographical study. It is aimed both at postgraduates and at professional academics.

A History of the Crusades Kenneth M. Setton 1969 The six volumes of A History of the Crusades will stand as the definitive history of the Crusades, spanning five centuries, encompassing Jewish, Moslem, and Christian perspectives, and containing a wealth of information and analysis of the history, politics, economics, and culture of the medieval world.

The Crusades, C.1071-c.1291 Jean Richard 1999-09-16 A concise, general history of the crusades from the beginnings to the fall of the last strongholds in 1291.

Jerusalem in the Time of the Crusades Adrian J. Boas 2001-09-06 Adrian Boas's combined use of historical and archaeological evidence together with first-hand accounts written by visiting pilgrims results in a multi-faceted perspective on Crusader Jerusalem. Generously illustrated, this book will serve both as a scholarly account of this city's archaeology and history, and a useful guide for the interested reader to a city at the centre of international and religious interest and conflict today.

Crusader Archaeology Adrian Boas 2016-10-14 Crusader Archaeology examines

what life was like for European settlers in the Latin East and how they were influenced by their new-found neighbours. Incorporating recent excavation results and the latest research, this new edition updates the only detailed study of the material culture of the Frankish settlers in Israel, Cyprus, Syria and Jordan. Adrian Boas provides comprehensive coverage of the key topics connected to crusader archaeology, including an examination of urban and rural settlements, agriculture, industry, the military, the church, public and private architecture, arts and crafts, leisure pursuits, death and burial and building techniques. There are also entirely new chapters on domestic architecture and disease, injury and medical treatment. Drawing on the extensive experience of an established writer in the field, *Crusader Archaeology* effectively combines a broad body of material to introduce readers to the archaeological research of the region. This well-illustrated volume is a crucial survey for all those interested in the Middle Ages, and in particular the Crusades.

Birth of the Kingdom Jan Guillou 2011-07-05 In the final gripping volume of Jan Guillou's boundary-breaking *Crusades Trilogy*, exiled warrior Arnd Gotha returns home to Sweden, determined to liberate and unite his homeland in what promises to be his greatest trial yet. Traveling from Saladin's sand-swept Holy Lands to the Scandinavian North, Arn's final adventure is a captivating historical narrative encompassing the struggle for honor, the quest for lost love, and the momentous

clash of European and Middle Eastern cultures. Fans of Bernard Cornwell, Conn Iggulden, William Dietrich, and James Clavell will be enthralled by Jan Guillou's 'Birth of the Kingdom', the stunning and dramatic climax to a tale begun in 'The Road to Jerusalem' and 'The Templar Knight', and a masterpiece of epic and magisterial historical fiction.

History of the Crusades, tr. by W. Robson Joseph François Michaud 1852

Anatomy of a Crusade, 1213-1221 James M. Powell 1986 An award-winning anatomy of the Fifth Crusade.
